PLANS FOR JOHNSON AND WILLIARD FIGHT COMPLETED

Timely Comments On Various Topics Sport Enthusiasts Are Discussing

The men of last year's team who are file and though the promoters at Ell Paso, just across the international boundary and mapped out a long list of details which must be arranged before the principals enter the ring. Training quarters for chambrohers is most seriously felt, and the preliminary workout will begin with the next two weeks.

defined the preliminary works of the prelimina easy of access and with the surrounding grounds and stables afford excellent facilities for both indoor and outdoor work. Johnson will prepare on the Mexican side of the Rio Grande. Training quarters have been secured for him in the Juarez Opera House for him in the Juares Opera House

for him in the Juarez Opera House and accommodations for himself and staff of helpers in a nearby cottage.

Both pugilists are planning to arrive at the training camps early next month in order that they may become accustomed to the rarefled aimosphere. Both Ell Paso and Juarez have a stitude of close to 4,000 feet and losth to leave England this spring for an altitude of close to 4,000 feet and loath to leave England this spring for fear their motives might be misunder-sent from those prevailing at lower stood. If the war situation clears suf-

training conditions are vasily different from those prevailing at lower levels.

This was brought out sharply in the Johnson-Jeffries contest in 1916. After spanding some weeks in conditioning at close to see level near Sanffactor of the American open in June.

At the annual meeting of the United States National Lawn Tennis Reno, when the governor ordered the puglists out of California. The change to the Newsda town at an alitude of approximately 4,500 feet while principals and helpers were adapting themselves to the lighter air. Under the present schedule the boxers will have from four to five weeks in which to prepare for the contest, which is none too long under the circumstances. Willard is expected to start his serious work at Ell Reso on or about February 1 and Johnson is due to sarrive at Juneta about ten days later. By that date the arrangements for staging the battle will have been fully compissed. Material for the ring mad stands will be assembled and the construction details worked out.

According to the present plans the
